thanks to redtro for letting me see the thanks redtro page in windows 2000

"thanks to redtro for letting me see the thanks redtro page in windows 2000" in just 256 colors

"thanks to redtro for letting me see the thanks redtro page in windows 2000" styled as printed by cheap school printer

the images are lower quality as the page gave 401 error when uploading the full color version...
